Clarification on E-Form MGT-7 for FY 2024-25

Clarification for Point No. VI(B) - Breakup of total number of shareholders (Promoters + Other than promoters)

This is to clarify that the gender-wise bifurcation of shareholders is only available with CDSL and only for those shareholders who have updated their gender details with their respective Depository Participants (DPs). However, NSDL does not provide any such gender-wise bifurcation in its BENPOS.

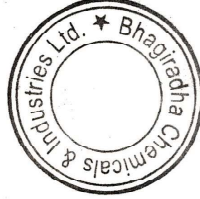

Since accurate details on gender bifurcation is not available with the company nor the Registrar and Share Transfer Agent (RTA) of the company, the bifurcation of gender as mentioned in point no. VI(B) is purely based on inputs received from CDSL for records pertaining to CDSL only. Further for the rest of the records including those wherein the gender bifurcation was not available have been mentioned under "Other than Individual" tab.

Thanking you,

Yours faithfully,
